CREATE YOUR OWN MINI MOVIES

CodeSpace Education is back at St Josephs for a 3rd term with an all NEW course!

This term we will be teaching kids how to create their own Stop Motion Videos using Lego® Bricks!

Kids will work in pairs to create their own Stop Motion Video over 6 weeks and at the end they will take home their own stop motion film!

Kids will learn about set design, how video works, how to create & direct videos and how to edit film.

How much fun does that sound? Sign up to our camp next term and make your own mini movie with LEGO® bricks!

This term's workshop goes for 6 weeks, is only \$99 for the term and goes from 2:45-4:15 every Tuesday from the 16th of May - 20th June.

To enrol, just go to: learncode.com.au/stjosephs/ or google CodeSpace Education!

Places went fast last time and we have to cap the amount of kids in the class this term due to special equipment - so get in quick to avoid disappointment!

If you have any questions please contact us at info@learncode.com.au or call us on (02) 8091 5205

Regards

Joanna Delvecchio
